## **The 18<sup>th</sup> GTI Asia Taipei Expo — Reborn with Creativity - The Promising Asia**

Having celebrated its 17<sup>th</sup> anniversary in May of 2010, GTI Asia Taipei Expo has undoubtedly become the biggest and most representative annual tradeshow held in Asia for the global electronic gaming/amusement industry. The R&D strength and product quality by Taiwanese companies are being recognized and appreciated year after year. Overseas exhibitors from Australia, Italy, Japan, Korea, Malaysia, Thailand, the UK and the US as well as international visitors from over 45 countries continued their support of GTI, again proving that GTI Asia Taipei Expo survives the global economic crisis anyhow.

After signing the Economic Cooperation Framework Agreement (ECFA) with China in 2010, Taiwan has stepped further to be the most important bridge and gateway for those wanting to enter the rising Chinese and Asian markets. Taiwan is the base of game production; this is a place where chance meets success. We are sure to play our role well to act as the optimal platform for the industry people to better interact with one another. The trade and market is only alive when there is circulation within to connect what is without. Through the success of GTI and our GTI-branded tradeshows, we are also connecting Taiwan with Asia and the whole world. We are showing the radiating brands that are “Made in Taiwan” and creating opportunities for everyone alike.

## For Visitors —
